SETUP GUIDE | **GETTING STARTED WITH YOUR INGENICO iCT220**

WELCOME

Congratulations! You are steps away from accepting credit cards and growing your sales!

Simply follow the instructions below and you will be up and running in minutes. If you would like our help getting started, please call 888.579.4667 6 am - 5 pm PST.

WHAT'S INSIDE?

1. Power Supply (2 parts)
2. Ethernet Cable
3. Dial RJ45 Cable
4. Cable Mount
5. iCT220 with Magic Box

For a video tutorial scan the QR code!
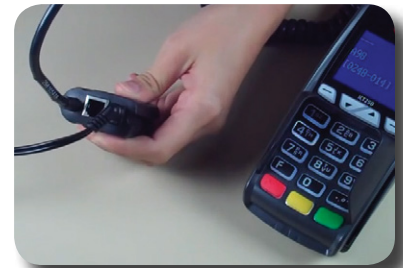

MAGIC BOX

Terminal comes with a Magic Box that serves multiple purposes:

- Ethernet
- Dial-up (Phone Cable)
- Power
- RS232 Serial (Check Reader)

POWER ON

Take the 2 part power cable and attach to the Magic Box.

PAPER INSTALL

1. Unhinge clam shell, on the back of terminal.
2. Drop paper in.
3. Leave a 1/4 inch of paper outside.
4. Close.

For questions about your credit card terminal, schedule telephone training, replacing equipment, or ordering supplies, our Terminal Help Desk is available to keep your point-of-sale terminals up and running smoothly.
